Stellenbeschreibung

General information

REGINA is a combination of more than 100 Aachen-based companies, educational establishments and research institutes. Although competitors in some areas, the mainly small to medium-size enterprises which make up the network have embraced the concept of forming an alliance to bring mutual benefit to all its members. Many of the general tasks they face are dealt with through collaboration within REGINA, in order to prevent unnecessary repetition or duplication of work.

5x5 – Welcome to Aachen 2014:

For the third time job applicants from European countries are invited to come to Aachen. Are you looking for a job and are you willing to go abroad? Then come to Aachen: we are looking for young professionals in the following areas:

Informatics and Software developing

Welcome to Aachen

The imperial city of Aachen is situated in the heart of Europe. Due to its history and the location at the border triangle Aachen is a known tourist attraction. The University of Aachen (RWTH) enjoys worldwide recognition. About 40 000 students of which 5 000 come from abroad live in Aachen and shape the city life: young, multicultural and welcoming.

Simultaneously Aachen is a high-tech region. In more than 1 500 technological enterprises with about 32 000 employees over 100 nationalities are represented.

The Night of the Companies

The occasional event for this invitation is the Night of the Companies which takes place in Aachen on 6th of November 2014. 100 enterprises will open their doors. The applicants will be taken by bus directly to the chosen companies, where they have the opportunity to get to know the potential employers. Parallel, a job fair will take place. Furthermore, we offer you the following welcome program: reception with the mayor of Aachen, a sightseeing tour, a visit to the companies of your choice and a get-together with compatriots who already work in Aachen. Our aim is to find the perfect match: On the one hand you will find a job in which you can contribute as well as improve your knowledge and on the other hand the companies will get high-skilled employees.

Are you willing to find a new job abroad? Then apply for the 5x5-program!

Your profile:

- Software developer
- University graduate
- motivated, team worker and self-confident appearance
- analytical thinking and good communication skills
- an interest and joy for new technologies
- excellent oral and written English skills, good knowledge in German language is a plus
